President's Report:

Chad Kiser stated he wanted it in these minutes that organized practices on diamonds in the city parks are prohibited and subject to reporting to Police Department and the Police asking them to leave the park.

Service Director's Report:

Terry Frazier gave an overview on the cost and phases for the Ted Lewis Park project. He stated the entire project will cost over \$2 million. Each year we are given \$100,000 for the Park Improvements. Any money not used within that year does not carry over to the next year. You get another \$100,000 the following year. In order to complete a phase, the amount required is over \$100,000. He is going to ask Council to approve carrying anything not used over and adding it to the next year allotted \$100,000.

Mr. Frazier also stated the \$100,000 does not have to be used specifically for the Ted Lewis Park improvements. He discussed using some of the money to do improvements to the ball diamonds at Barthelmas Park. He also discussed the 21 acres adjacent to the Barthelmas Park that the City bought. He tasked the commission to prepare a list of ideas they would have for that property and bring to next month's meeting.

Terry will meet Chad Kiser at the Barthelmas Park Thursday, August 20, 2020 to do a walk through and discuss improvements.

Beth Mason stated the ball diamonds at Barthelmas need fixed.

Each member was asked to put their ideas for the park on paper along with the estimated costs and submit to Chad before the next meeting.

The Park Commission will meet the second Thursday of each month at 5:00 p.m. and will continue to meet at the Starkey Pavilion until further notice in order to meet the social distancing guidelines.
